巻　頭　言

滿洲帝國が、建國の聖業に堂々の歩みを進めて、星霜六年。その間東亞の安定勢力たる大日本帝國との固き握手の下に、政治に、經濟に、產業に、文化に其の他各般の成果は、驚異に價する不拔の礎を築き、こゝに近代國家の體制を遺憾なく具備し來つた。

蓋し、今日世界何處の地にも、正しき秩序への恢復と、力ある協和への仰望が胎動しつゝあるが、本年初頭、防共の名に於て、歐洲における獨乙、伊太利の兩盟邦竝にフランコ政權と友好的關係を結び、こゝに金色燦然たる協和の大旆は翩飜と翻がへり、世界平和建設への新しき發足を開始したのである。

既に創造し、既に行動しつゝある我國現在の潑溂たる若き姿を、最後の一葉に至るまで、國家的矜持と、忠實なる良心とをもつて、收錄せるこの小册子は、我が國情の一報告書であるが、同時に、更に前進せんとする若き滿洲の、嚴肅なる宣言でもある。

康德五年七月

滿洲帝國政府

PREFAZIONE

Abbiamo avuto gia sei anni dacche Manciu-Cuo principio a realizzare la grande opera del fondamento di una nazione. Nell' intervallo, il effetto sorprendente di Manciu-Cuo si solidifico una base nei campi di politica, economia, industria e cultura, e possede sufficientemente qui un reyiume della nazione moderna.

Ora, dappertutto nel mondo ci desiderano una speranza dell' armonia poiente e un ristabilimento del orgine giusto, e in nome della difesa di communismo Manciu-Cuo ebbe una relazione amichevole con ls nazioni enropee—Italia, Germania e Franco-Governo di Espalna, e poi avendo volteggiato una grande bandiera armoniale, Manciu-Cuo ha cominciato a porre un nuovo passo alla costruzione pacifica del mondo.

Questo opuscolo che abbia compilato qui con nostro orgolio e sincerita nazionale le figure giovanili della nazione presente dov'e gia creato e fatto, e non solo un rapporto della presente condizione del nostro paese ma anche una declarazione solenne di avanzato Manciu-Cuo giovanile.

Il Governo Imperiale di Manciu-Cuo.

VORWORT

Sechs Jahre lang hat das Kaiserreich Mandschukuo seine Aufbauarbeit durchgeführt ; und vieles ist inzwischen erreicht worden, durch die Zusammenarbeit mit dem Japanischen Kaserreich, dem Stabilisierungsfaktor im Fernen Osten, sei es, was es auch sei, auf dem politischen, wirtschaftlichen und kulturellen Gebiet. Auf unerschütterlich festem Fundament steht heute das junge Reich da, mit modernen Organisationen und Einrichtungen versehen. Seine Aufgabe liegt in erster Line darin, zur Wiederherstellung der richtigen Ordnung auf der Welt und zur wirksamen Zusammenarbeit der Völker beizutragen und somit der Aufrechterhaltung des Weltfriedens zu dienen. Das geht aus seinen ernsten Bestrebungen deutlich hervor, in voller Erkenntnis der Zersetzungsgefahr der Kommunistischen Internationale seine Beziehungen zu Deutschland und Italien, und neuerdings Franco-Regierung frendschaftlich gestalten zun wollen.

Die beiden vorliegenden Hefte, die bis zum letzten Blatt mit nationalem Stolz und Aufrichtigkeit ausgearbeitet sind, stellen das junge schaffende Volk des Mandschukuos dar, aber auch dürften sie als eine Proklamation für seine künftige Entwicklung gelten.

Kaiserliche Regierung von Mandschukuo

FOREWORD

The constructive work of Manchoukuo has steadily been carried out last six years. She has succeeded in laying a solid foundation for building an up-to-date country in her political, economic, industrial and cultural achievements with the aid of Japan which no one denies to be the stabilizing power in the Far East. Manchoukuo is now equipped with everything necessary to be called one of the modern countries.

To-day it is evident that strong desire for peace and order is awakening among many nations. United in close friendship with Germany, Italy and Spain under General Franco, Manchoukuo is constantly working under the " Golden Flag of Co-operation " to bring about the realization of peace of the world.

This pictorial-graph was compiled with care and with profound feeling of affection towards our own country so that it may reflect the true image of young Manchoukuo—creative and dynamic. The record of her recent achievements will no doubt give a happy promise of still brighter future for the Far East.
